

High-Speed Oven

E30SO75FPS professional series

Practical, Complementary Design

Stainless steel exterior, sturdy handle on the pull-down door for easy opening and increased placement options.

Wave-Touch™ Control Panel Technology

A simple touch, anywhere on the panel, lights oven controls and provides access to all oven functions. This allows easy programming while keeping activated functions lighted for easy monitoring.

Cooking Mode Options

This appliance makes cooking faster, easier and better by combining a high-speed, convection and microwave oven into one versatile package. This high-performance oven allows you to bake, brown, grill or roast with ease.

High-Speed Cooking Option

Forcing heated air at ultrahigh speeds over the surface of meats, High-Speed Cooking rapidly sears in moisture and flavor and produces a beautifully browned, delicately crisp exterior. When combined with the microwave function, cooking time is reduced by 50%.
